Vanguard's Strengths

Global Freight Solutions

Delivering the best visibility, control, and service between the USA and the World. Vanguard Logistics Services is the world's largest neutral provider of supply chain services, with a focus on ocean freight and domestic distribution services. Vanguard operates through multiple NVOCC brands on global basis including Conterm Consolidation Services, Confreight Group, Direct Container Line (DCL), Brennan International Transport, Ocean World Shipping (OWS), Australian Freight Services (AFS), Box Consolidators, Vanguard Air, Export Freight Services (EFS), and Ocean Express.

Each brand has its own strengths in the market, and so retain their own identity. The group leverages its size and global breadth to provide benefits back to all the brands through economies of scale and global systems. All of this adds up to THE MOST comprehensive and tightly managed suite of door-to-door transportation solutions in the world.

Vanguard is the only neutral consolidator handling cargo in our own warehouses in the USA. Vanguard has their own offices in the vast majority of points serviced around the world. This ensures unparalleled communication, control, and visibility.
